

Headaches?

We have the prescription

The **NEW** MSA Fas-Trac® III Suspension

Ensuring your workforce wears their safety helmets can be a real headache. MSA, the leading provider of protective helmets, has the perfect remedy: the Fas-Trac® III Suspension. No more pressure headaches. No more pulled hair. No more falling off. No more sacrificing worker comfort for safety.

Learn how the Fas-Trac® III Suspension can relieve your headaches.
Visit MSAsafety.com/FasTrac.

In field trials, the Fas-Trac III suspension was overwhelmingly preferred over other suspensions, including 3M, North and Bullard. In fact, more than 92% chose the Fas-Trac III suspension to what they were currently using. Consistently ranked high for ease of use, increased comfort and stability, the Fas-Trac III suspension is the perfect remedy for your safety headaches.

Here is just a sampling of comments from trial users:

- *“Overall, the Fas-Trac III Suspension adjusts easier, fits better (lower on head), and is easier to install... it’s just a better product.”*
- *“Ratchet sits lower—easier to adjust, holds better.”*
- *“New suspension is much better; complements the V-Gard Cap nicely.”*
- *“I like the new FTIII suspension a whole lot more due to security of fit and the comfort of fit.”*
- *“It seems to sit lower and better balanced. It also feels lighter.”*

1. Sweatband fully covers the headband and worker’s forehead.
2. Three levels of nape strap adjustment for customized fit.
3. Lower nape strap cradles the head. Retention is greatly improved—even when bending over!
4. Smooth ratchet rotation and secure hold.

The Fas-Trac III is currently available in all MSA helmets with **NO CHANGE** in assembly part numbers (P/Ns)!

To order replacement suspensions for any MSA helmet, use the P/Ns below:

Helmet Type (Size)	Fas-Trac® III Replacement Suspension P/Ns
