Grip N® Hot Mill Nitrile-Coated Gloves

Protects against high-heat, up to 400° F. Features a nitrile palm coating for excellent grip and long life. Knit design allows hands to breathe. Available with extended cuffs for additional protection above the wrist. Used in auto assembly, food processing and manufacturing. Complies with USDA and FDA regulations, 21 CFR, for use in food processing. Steamproof version has (3) layers:

- inner layer of cotton wicks away perspiration
- protective layer provides resistance to steam
- outer layer for grip

Cuff Type:	Knit
Application:	Automotive Assembly, Food Processing, Manufacturing For Foundries, Bottle Manufacturing, Sheet Metal Working, Heat Treat Operations, Castings and Metal Forming
Color:	Cream / Red
Material:	Cotton / Nitrile
Size:	One Size Fits All
Type:	Hot Mill Glove
Product Weight:	4.3992 lbs.

Notes: Provides protection against intermittent heat up to 400 degrees. Nitrile palm coating provides excellent grip and longer life. Knit design allows hand to breathe, unlike cut/sewn hot mill gloves. Available with extended cuffs for additional protection above the wrist.
